

## Free Nobel Implant Abutment Program

- ❖ Free abutment courtesy of Dr. Halusic /The Facial Surgery Center
- ❖ Abutment is patient specific, milled by Nobel and includes an original Nobel screw
- ❖ Lowers probability of screw loosening and improper abutment fit
- ❖ Value up to \$180
- ❖ Restorative dentist can bill for abutment as long as they insert it
- ❖ Lowers dental implant restorative cost/increases profit
- ❖ Partnering Lab: Jesse and Frichtel
- ❖ Free Impression Post through Jesse and Frichtel
- ❖ Applies to dental implant crowns and bridges only.
- ❖ Does not apply to all on 4 or locator cases

### Step 1: Obtain Impression Posts

**Please follow this procedure to ensure your impression posts are available when you need them.**

1. Fax or email the surgical report from Dr. Halusic's office to 724-327-4554 or [Parts@JesseandFrichtel.com](mailto:Parts@JesseandFrichtel.com).
2. Include the patient's appointment date and time.
3. Allow a minimum of three days for J and F to deliver the parts.

### Step 2: Take Impression and Send

1. Take impression with impression post.
2. Send impression to J and F Labs **with Voucher** and lab slip indicating abutment and crown selection.
3. Receive and insert high quality abutment and crown.

***By taking advantage of the offer for a free Ti Nobel Biocare  
Genuine Patient specific abutment you will pay:***

Nobel Biocare Ti abutment with a PFM Crown	\$235 + alloy
Nobel Biocare Ti abutment with a Gold Crown	\$203 + alloy
Nobel Biocare Ti abutment with a PFZ Crown	\$267
Nobel Biocare Ti abutment with a e.max Crown	\$267
Nobel Biocare Ti abutment with a Zirlux Crown	\$223

- All Ti abutments will be anodized gold at no charge.
- If the restoration is not on this list, then the voucher(s) will be worth \$180 off the prescribed case.
- Cannot be combined with any other offer.
- The abutment(s) is paid for by The Facial Surgery Center and is redeemable only for a Nobel Biocare titanium abutment(s). Patient name and tooth number(s) need to be indicated on this voucher.
- Voucher can only be redeemed at Jesse & Frichtel Dental Labs.

Other Important Information:

**Technical Support** at Jesse and Frichtel: Olaf and Tom (724) 327-4553  
Hannah: Implant Coordinator at The Facial Surgery Center (877) 377-3223  
Rebecca: Assistant Implant Coordinator at The Facial Surgery Center (877) 377-3223

**Nobel Impression Posts:** The screw will not fixate the impression post if the impression post is not properly seated. For more information, please see [www.thefacialsurgerycenter.com](http://www.thefacialsurgerycenter.com). Click on “Doctor’s Resources” on the home page. Click on “Nobel Technical Data”. Click on “Seating Impression Posts and Abutments”.

**Torque Guide for crown and bridge abutments:** 3.0 mm implant. 15 n-cm. DO NOT EXCEED!!  
All other diameters: 35 n-cm.

For more information, please see [www.thefacialsurgerycenter.com](http://www.thefacialsurgerycenter.com). Click on “Doctor’s Resources” on the home page. Click on “Nobel Technical Data”. Click on “Torque Guide”.

It is best to use a Nobel Biocare Prosthetic Torque Kit when restoring Nobel Implants. The Facial Surgery Center can offer you a substantial discount over list price if you need one. Please notify Hannah or Rebecca or Missy at The Facial Surgery Center if you would like to purchase one. (724-877-3223)
